Michael -- after our call with Elizabeth wound down, Dan left msgs with Rob Duff (Gov. Office) and Dave Ponganis (Div.). There was general agreement on the call that we should try to get on the General's calendar and that we'll need help from the state to make that happen (and that the NWP issues and the HTL issue are all wrapped up in the current controversy).

Looking at email and it looks like Elizabeth is suggesting elevating to Puget sound federal task force. I would agree but also suggest a call with General. I could ask Dave Gesl at division to help set it up. Let me know.
